PROFILE

As a third-year Cyber Security major with a strong foundation in web development, I have cultivated a keen analytical mindset and meticulous attention to detail through my coursework and personal projects. I am dedicated to staying current with the latest cyber security developments and bring a fresh perspective, enthusiasm, and a strong desire to contribute to the field. My academic background and practical experiences position me as a valuable asset, and I am eager to apply my skills, learn from seasoned professionals, and contribute to your organization's success.

SKILLS

- Cybersecurity
- Vulnerability Scanning
- Python
- Web Development
- Leadership
- Effective Communication
- Critical Thinking
- Digital Forensics

WORK EXPERIENCE

Teachnook

Cybersecurity

2023

- During my internship at Teachnook, India in 2023, I had the opportunity to gain hands-on experience in the field of education technology. I worked closely with a team of experienced professionals and got a chance to contribute to various projects. My time at Teachnook helped me develop my skills and knowledge in the EdTech industry and prepare for a successful career ahead.
